

# Cacao Paper Products Business Plan

Kanagawa Prefectural Yokohama Senior High School of International Studies

## ~Issues~

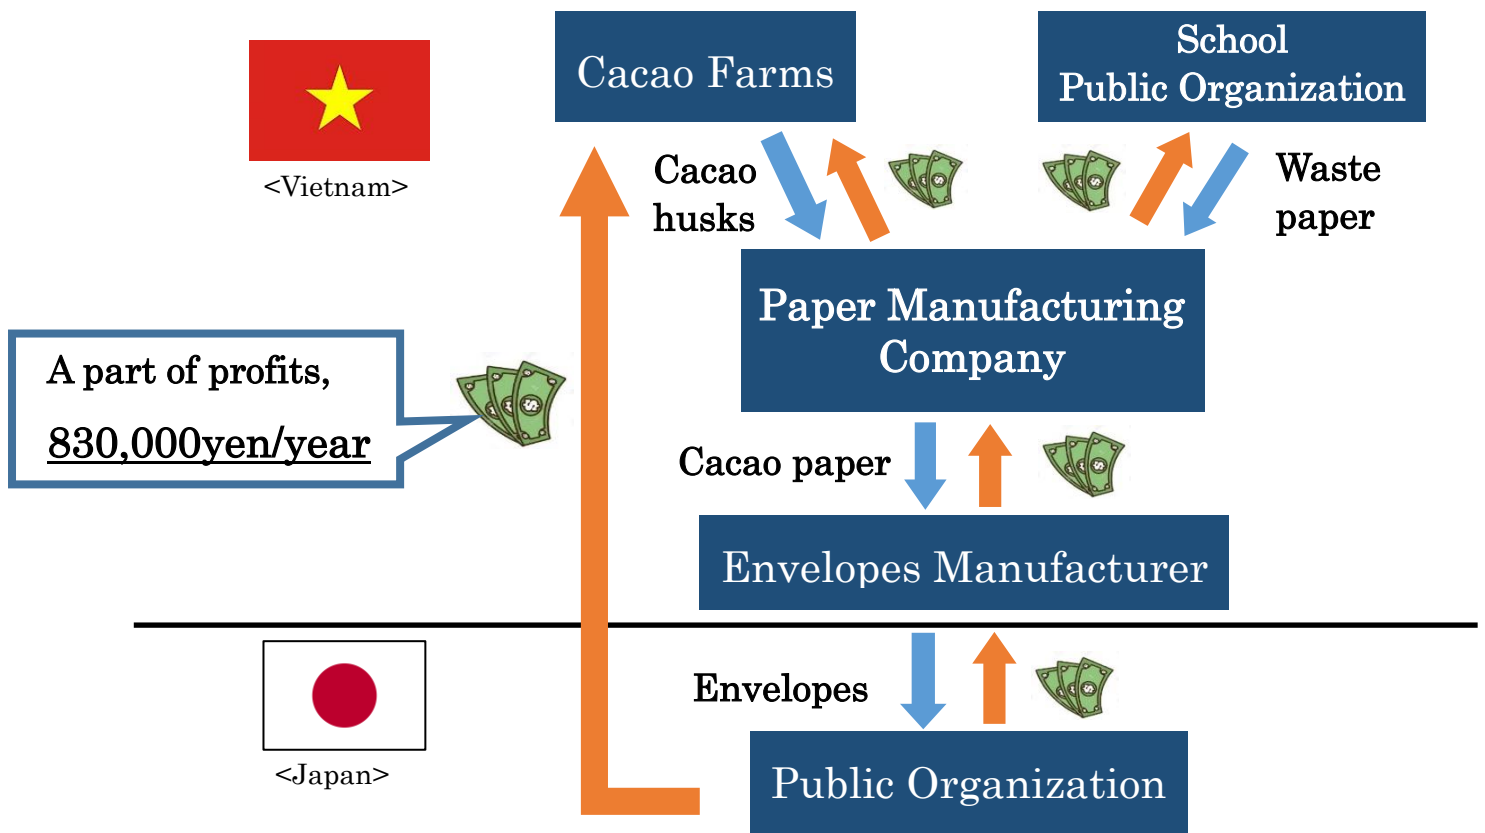

1, The unstable income of cacao farmers

2, The rate of waste paper recovery in neighboring countries

## ~Business cycle~

The making of cacao paper products using cacao husks and waste paper, which are normally thrown away in Vietnam, and sell them to public organization in Japan.

## ~The merits of this business plan ~

- A part of profits could be used to support cacao farms in Vietnam
- Lead to an increase the rate of waste paper recovery
