

An App to meet the religious needs of incoming tourists to Japan

I will develop an app to meet religious needs of incoming tourists to Japan. Depending on religion, language, home country or food allergies, users can find suitable restaurants on map.

Year	Visitor Arrival (persons)	Change (%)
2012	8,358,105	34.4
2013	10,363,904	24.0
2014	13,413,467	29.4
2015	19,737,409	47.1
2016	24,039,700	28.1

JUNTO 日本政府観光局「統計データ(訪日外国人)」
