

How can we improve the education in Vietnam?

2624 Kumon Kokusai Junior-Senior High School

Before going to Vietnam, we thought...

Developing = Poor and Suffering...

<p>< Maichau Village ></p> <ul style="list-style-type: none"> -Talked to the mayor of the village. -Visited a school. - Cultural performance. 	<p>< Vietnam Peace Village in Hanoi ></p> <ul style="list-style-type: none"> -Played with children. -Learned about life in Vietnam. 	<p>< Vietnam Military History Museum ></p> <ul style="list-style-type: none"> -Learned about the history of war. -Learned about the impact of Agent Orange. 	<p>< City, VJCC., Hanoi - Living ></p> <ul style="list-style-type: none"> -Visited the market with local high school students. -Saw the highly developed urban part of the country. -Learned about how much of an advantage it is to be able to speak Japanese. -The education system in Vietnam emphasizes the sciences over the liberal arts.
--	---	---	---

Problems

<ul style="list-style-type: none"> -Lack of educational tools and facilities -The quality of teachers is relatively low 	<ul style="list-style-type: none"> -Lack of money → Donations are needed and greatly appreciated 	<ul style="list-style-type: none"> -Taught about the country's suffering and emphasized nationalism 	<ul style="list-style-type: none"> -Poor hygiene even in the city -There was a big difference between the development of the urban and rural areas
---	--	--	--

What is necessary for educational improvement in Vietnam

Learning the truth of war	Improving the quality of the teachers	Making a balance of Liberal Art and Science
---------------------------	---------------------------------------	---

Look at Vietnam in a global standard perspective in order to improve the country.

What can we do?
