 Public phone

Oh ! It's an earthquake!
 ~for tourist~
 coming to Narita~

Convenience

Summarize

Make an impact

Spread Information

for international students of Gwacheon foreign language high school

GOOD : design , simplicity

IMPROVEMENTS :

to tell how to use 10 yen coin

Conclusion

• To make manual

→think from a different point of view , and judge what kind of information foreigners really need

• Through research

→it's important for us to know not only about our country but also about other countries
