Many Problems

Most people use cars!

Lack of Rail Lines
(Only 4)

Mechanical Problems
(Too Old)

Unguarded Tracks
(Derailments)

Trains are useless...

My Suggestions

- ① Training for Repairs and Improvements
- ② Cooperation to Build Stronger Railways

Partners for the Future

Philippine Study Tour 2018

Philippine Railway Institute

May 2018 ~ June 2023

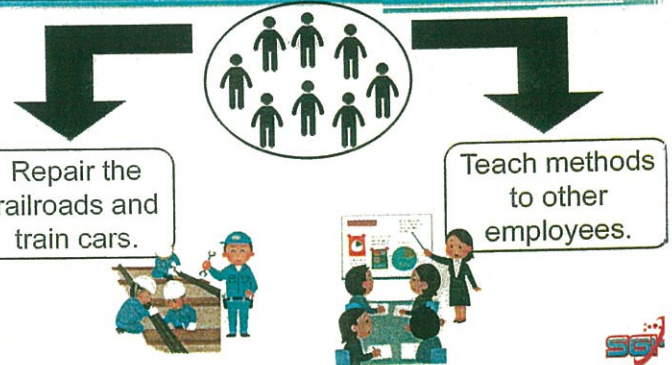

① Training for Repairs and Improvements

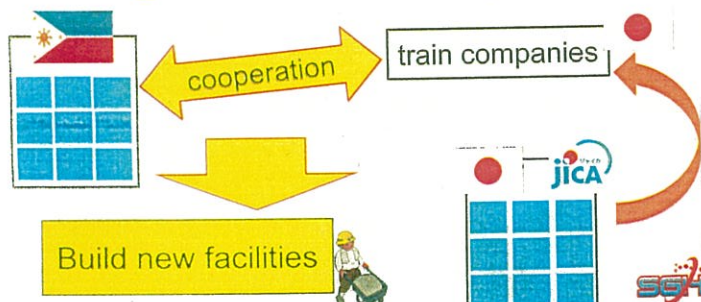

Learning from Past Accidents

Realizing the importance of safety.

② Cooperate to Build Stronger Railways

The Future of Manila...

The population will surely increase!

Our capacity has a limit!
We need to have some other ways.

We'll carry people with you as new way of movement.
