1.Traditional Culture

Local traditions& Cultures

We participate in some community events such as Torigoe - matsuri (festival) Mikoshi and Yabusame (houseback archery). Also, we invite some instructors from the suburbs and are taught about Ueno and Asakusa. In addition, we take a short walk around Ueno and Asakusa.

Traditions& Cultures of Japan

Second grade high school students learn traditional cultures of Japan such as Flower arrangement , Igo , Shogi , and so on from experts .

Club activities

Our school has many club activities related to traditional cultures such as Hyaknin isshu, Shamisen, Japanese dram, Tea ceremony, and so on .

2.Globalization

Study in Australia

Some students go to Australia for two weeks in summer holidays and study in a high school and a university as well. They experience STEM classes with some research and experiments.

Accepting student from abroad

By accepting students from abroad, through Tokyo Taiken School program. Our school promote students' communication ability and understanding each culture deeply.

3.Conclusion

Through these activities, we aim to be capable of both global - level competition and cooperation found on a respect for diversity, and possess our own identity and make the most of our individual talents to solve problems.
